Dear Friends

We are happy to send you, our recent paper on Militarisation in Sri Lanka.

This initiative to publish a research paper on 'Militarisation in Sri Lanka' was taken in response to the rapid growth of militarism in Sri Lanka, in particular, in the Tamil areas where it exercises influence on both political and economic life of the Tamil people.

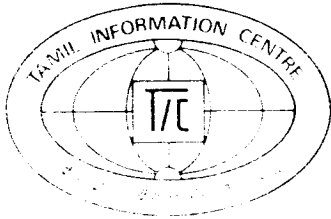

We feel that this is a useful material for your information and campaign. It is possible that there could be shortcomings in this publication and we will therefore highly appreciate your comments and criticism.

This monograph is priced £2.50 and it is available at our centre. And limited number is available also at our branches in India. Your efforts to promote this publication is most welcome and this will enable us to invest the proceeds into further research and publication production.

Thanking you

Yours sincerely

VARADAKUMAR V
Administrative Secretary
