Account from a relative: Mother:

Suganthini is my eldest daughter. She was following GCE Advanced Level courses at Mullaithivu Mahavidhyalayam. She went to attend a leadership workshop. She left on a Thursday. On Monday Kfir bombers attacked the Vallipunam area. Yet, we did not think the location where our child was staying will be attacked. It would have been about 9.45am. The girl from our neighbourhood who also went to the workshop came home unharmed and told us that our daughter was killed in the Kfir attack. We immediately went to the Puthukkudiyiruppu hospital and found the body of our daughter with injuries to her chest and waist. This government has killed so many civilians including many students.

Account from a relative:

Father:

My daughter Hamsana went to participate in a leadership training course for the High school students. She was very intelligent and respectful of others. I have never been an obstacle to her decisions. On that day also I sent her for that training and was looking forward her return home. On 14 August 2006, morning, the Sri Lankan air force Kfirs attacked the Vallipunam area. The news spread that the location where the school girls were participating in the leadership training was attacked by the Kfir jets. I was nervous and immediately left to search for my daughter. First I went to Puthukkudiyiruppu Government hospital and then to Ponnampalam private hospital. My daughter was not in these two hospitals. At last I went to Kilinochchi hospital and my daughter was there. She was injured in her head. At that time she was talking with me and with our relatives. On that night she stopped her talking and went into an unconscious state. After that night, she didn't talk. Immediately doctors changed her to another unit in the hospital. No one was permitted to enter that place to see my daughter other than the doctors. At last we were informed that my daughter died at 10.40am on 16 August. All my hopes were destroyed with her death.

Account from a relative:

Father:

My second daughter Nivethika was studing GCE Advanced Level in Mullaithivu Semmalai Mahavidyalayam. She went to attend a Leadership workshop. We were not worried about her because we were confident of her safety. But the incident changed all that. My daughter died in the Kfir attack on 14 August 2006. My daughter Nevethika must have been died on the spot because her injuries were very gruesome. There were big injuries in her hand and neck. She has a promising future. She should have lived with us for many more years but they killed her at such a young age.

09	iviakaningani Selvanayakani	Diotici	Farming	09.12.1909

Account from a relative:

Father:

Vasantharani is my youngest daughter. At the time she was 18. She was following GCE Advanced Level in Semmalai School. One day she told me that a leadership workshop for the students was to be held in Vallipunam and she was also participating in that workshop. I also agreed to this and sent her to that workshop. Who would have known that the Kfir would attack that location? After the Sri Lankan Kfirs attacked the Vallipunam on 14 August 2006, my son Tharmeswaran told me around 11.00am that his sister was also killed in that attack. I couldn't believe that my daughter was killed. They brought her body to our home at 4.00 pm. She was severely injured in her back. I was so very fond of her. They have killed my precious girl.

I Full name: Vyravamoorthy Kiruthika

19

- Address: Semmalai, Alampil, Mullaithivu
- **D** Occupation: Student
- School: Mullai.Semmalai Mahavidhyalam
- **D**OB: 12.07.1987
- Age (then):
- Marital status: Single

Family detail:

No	Name	Relationship	Occupation	DOB
01	Vyraiya Vyravamoorthy	Father	Fishing;	08.12.1961
02	Vyravamoorthy Pakkiyavathy	Mother	Home maker	08.09.1958
03	Vyravamoorthy Samanthy	Sister	Home maker	26.07.1983
04	Vyravamoorthy Kiruthika	Victim	Student	12.03.1987
05	Vyravamoorthy Thuvarakan	Brother	Student	21.03.1990
06	Vyravamoorthy Kaliyukan	Brother	student	13.06.1992

Account from a relative Sister (Vyravamoorthy Samanthy):

My sister Vyravamoorthy Kiruthika was following her GCE Advance level at Semmalai Mahavidyalayam. She went to attend a leadership training workshop with her friends in Senchcholai complex in Vallipunam. After she went there, on 14 August 2006, the Sri Lankan Kfir jets attacked the Vallipunam area. It was about 10.00am, when I came to know that it came to the location, where my sister was attending the workshop and it was the target of the Kfir attack. Immediatly we went to search for her. Then we heard that Kiruthika's dead body was lying in Mullaithivu hospital. We went to the hospital and found her body. There was a big injury in her head. My mother also was not at home at that time. She went to Jaffna teaching hospital for treatment and her health didn't let her to travel. I couldn't do anything other than cry out loud. She was my only sister and she loved me a lot. I have lost her love.

Account from a relative

Aunt (Kanthasami Perinpanayaki):

My niece Thamilvasan Nivethika was staying in my house and was following her studies. She was studying Biology in GCE Advance level at Mulliyavali Vidyanantha College. She was very clever and silent in her classes. She went with her friends to attend a leadership workshop. We hoped that she would return home after she finished her workshop. But instead we got the shocking news. On 14 August 2006, one of Nivethika's teachers told us that Sri Lankan Kfir jets attacked the Vallipunam area and our Nivethika also died in that attack in the early morning. On that day, evening, it was very dark when they brought her body to our home. There were injuries in her head and in her left leg. Her funeral was also held in my home. She should have lived many more years but she was killed by the government at this young age.

Account from a relative: Mother:

My daughter Puvanasekaram Puvaneswary is our eldest daughter. She was studying at Mulliyavalai Vidyanantha College. She was following her GCE advance level in Arts division. My daughter was very clever in studies and sports. She was a very kind girl. She went to Vallipunam to attend a leadership workshop. Who thought at that time that this would happen to them? The government killed them by its air force. There were injuries in all parts of her body. Who can give me my daughter back? How I brought her up like a precious thing. I never thought that I would lose her so soon.

Account from a relation:

Mother:

I am a widow. I let her to continue her studies even though we are poor and facing a difficult family situation. She often told me that she would look after me after she finishes her studies and finds a good job. My daughter Thusani was studying at Semmalai Mahavidyalayam and was following GCE Advance level. She told me that a leadership workshop was organised by the schools and she also was to participate in the workshop. I accepted and sent her to attend the workshop. It was a few days after she left for the workshop, on August 2006, a girl who escaped from the Kfir attack told us that Thusani was injured in the Kfir attack when it raided Vallipunam, that morning. Immediately I went to Tharmapuram hospital and saw my daughter. She couldn't talk with me. She went into an unconscious state. There was a big injury in her stomach. Three fingers were missing in her left hand. We hoped that she would survive the horrible injuries. But she left this world.

Account from a relative Father:

I had only one daughter and she is the youngest one also. We were very fond of her. She was very kind with all. She was following Arts division in GCE Advance level at Kumulamunai Mahavidyalayam. She was very clever in her classes. She went to Vallipunam just to attend a leadership workshop. All of her friends were also to attend the workshop, so I didn't want to stop her from attending the workshop. In the morning, on 14 August 2006, I knew that Kfir fighter jets were attacking, but I didn't know where it was. It was about 10.00am, one of Raajitha's friend who also attend the workshop but escaped injury came to my in a much tensed state and told me that Raajitha was also killed in the Kfir attack in the morning. My wife also was not with me at the time. She had gone to Vavuniya. Immediately after I heard the news I went to the hospital. I could see only seen my daughter's dead body. There were no other children with us to look after me and my wife. Our other two children are in overseas. Now, we have to lead a lonely life.

Account from a relative:

Mother:

I had five children. Daughter Anoja was the third one. My husband also died due to illness. I brought up my children alone and amidst poverty. Anoja was loved by all. She was also very kind. All of my relatives called her the 'Lotus bud'. She was very intelligent. She was studying GCE Advance Level in Vidyanantha College. She went with all of her friends to attend a leadership workshop. It was a few days after she left to attend the workshop. She was killed in the morning when the Kfir attacked their location, on 14 August 2006. We didn't hear about it as soon it happened. We heard about it from the girls who escaped injury. They told us that Anoja was alive with some injuries. But by about 12.00am, we were informed by school administration that Anoja succumbed to her injuries. They brought her body that evening. There were injuries to all parts of her body. She was killed brutally by this government.

Account from a relative:

Father:

My daughter Sukirtha is very pretty. She was very kind with all. She following GCE Advance Level in Kumulamunai was Mahavidyalayam. She went with other students to attend a leadership workshop. A few days after they went to the workshop, Sri Lankan Air force attacked the Vallipunam area on 14 August 2006. I heard the news about 9.00am. I left to find out about my daughter's situation. They said that she was admitted at Puthukudiyiruppu private hospital. Immediately I went there, but...I could only see my daughter's lifeless body. There were injuries in her head, neck, and right leg. After her death her mother also is mentally affected. Now she is in a bad condition.

Victim

Account from a relative:

Mother:

I have two daughters. Kowsika is my eldest daughter. My daughters are very clever in their classes. Kowsika was following GCE Advance level in Kumulamunai Mahavidyalayam. She went with other students on a vehicle to attend a leadership workshop. We were shocked when we heard that the Sri Lankan Kfir jets targeted the location where my daughter was attending the workshop and the bombs killed many students in that complex on 14 August 2006. Immediately I left with my husband to search for Kowsika. We saw her at Puthukkudiyiruppu hospital. My daughter was with some injuries. After she saw us, she kissed us and talked well. We were happy that she escaped with injuries. But the next morning, she went into an unconscious state. Immediately we called the doctor and he checked her. At last, the doctor told us that she had died just a few minutes ago. It has left me in an unbearable misery.

Account from a relative:

Mother:

Ninthusa is my youngest daughter. I loved her so much. She was studying GCE Advance Level at Kumulamunai Mahavidyalayam. She told me that the school administration organised a workshop, and all of her friends were also ready to attend in the workshop. She asked my permission to attend the workshop. I consented believing that it will benefit her. Then on 14 August 2006, at 7.30 am the Kfir fighter jets were attacking Puthukudiyiruppu. I was wondering about the location where those jets were attacking. On that day at noon Ninthuja's teachers and students told me that my daughter was killed in that Kfir attack. In the evening they brought her body home. She was badly injured in her neck and her back. The government deliberately killed my daughter and the other students.

Account from a relative:

Mother:

I cannot even utter words to the effect that my daughter is not with me. I want Dayani, my daughter, back. She always made me happy by her funny talks. She was a very intelligent and always keen to learn about the new things. She spends a lot of time searching for more information on anything. She was studying at Mullaithivu Vidyanantha College. She went just to attend a leadership workshop. I didn't think that, that is where she was going to die. When we heard that the Kfir attacked the workshop complex we left to search for her. She was with injuries in the hospital. After we saw her, they changed her to another unit. We were not admitted to enter that room. We were praying for our daughter. At 11.00pm the doctors said that she had died. Now I'm suffering without seeing her and without talking with her.

Account from a relative:

Mother:

My draught was studying in Piramanthanaru Mahavidyalayam. She was following her GCE Advance level. She went to Vallipunam to attend a leadership workshop. There the Sri Lankan government killed her by aerial bombardment. First we didn't know that the Kfirs' targeted the location of the leadership workshop. We came to know only after my daughter's friends came and told us. Immediately we went to hospital where we saw our daughter's dead body. She was severely injured in her chest. How can I describe how we felt at that moment?

Account from a relative:

Father:

My daughter, Makilvathani was following her GCE Advance Level in Tharumapuram Mahavidyalayam. She said that the Education Departments and school administrations organised a Leadership workshop and also she wished to attend the workshop. I permitted her and sent her for the workshop. I knew that Sri Lankan Kfir fighter jets were attacking Puthukudiyiruppu. But, I didn't know that it was the location where those students were attending the workshop. After few minutes, vehicles and motorbikes were speedily travelling with inured girls. Then only I knew that Kfirs attacked the workshop complex in Vallipunam. I was nervous. I went to search for her with the help of our neighbour. There the dead bodies of the girls were placed in a line. I saw my daughter's dead body in the lines. She was injured in her head and neck. I brought up my children with great difficulties without my wife. Her death is very hard for me to bear.

Mother

My daughter Nivahini is cleverer than my other children. She is an active girl who will not waste her time. She was studying at Tharmapuram School. She will not go out to places that much. She would not have gone to the workshop at the Senchcholai complex. She went because most of her friends were also going. Sri Lankan Kfirs bombarded the Senchcholai complex on 14 August 2006. I did not think my daughter would come to any harm. While I was busy with housework that morning one of the girls who escaped injuries came rushing and informed me that Nivahini was killed in the Kfir attack. I went and called my husband who was working in the fields and both of us went to Kilinochchi hospital. There many of the girls including our daughter were lying as dead bodies. Our daughter had a huge injury on her neck. We have built a small memorial for her at our home.

Account from a relative:

Mother:

I lost my husband also. I was struggled a lot to educate my daughter Makeswary. I was praying for a bright future for her. She was studying at Tharmapuram Mahavidyalayam. She went to Vallipunam, Senchcholai complex with her friends to participate in a leadership workshop. I hoped that she would return home safely. On 14 August 2006, Sri Lankan Kfir fighter jets attacked Vallipunam. After the attack the news spread that the school girls who gathered together to attend a workshop were targeted by the Kfirs. Also I heard that many girls were killed and injured by the attack. I ran towards the Senchcholai complex. Some of the girls who escaped from the attack said that my daughter was injured and was transported to Kilinochchi hospital. I went to the hospital. I searched her there. Then I went to the site where some dead bodied were kept together. In that site I found my daughter's body. I never thought that I would lose my daughter this soon. I need her love. But, the government killed her brutally.

Account from a relative:

Mother:

Sinthuka is my eldest daughter. She was following GCE Advance Level in Visuvamadu Mahavidyalayam. She went with other students to attend a leadership workshop in Vallipunam. I knew that the Sri Lankan Kfir fighter jets bombarded in Puthukudiyiruppu. I think.., it was about 9.00am, I heard that Kfirs dropped the bombs into the complex where the school girls were attending the workshop. Immediately my husband who was planting in our vegetable garden, left to search our daughter. At about 2.00pm my husband returned home. His face said the whole story. He started to cry when I asked about our daughter. At 4.00pm they brought my daughter's dead body home. She was inured in the stomach.

Account from a relative: Father:

Nagalingam Theepa is my eldest daughter. I loved her so much. She is pretty and clever. She was following GCE Advance Level in Visuvamadu Mahavidyalayam. She went to attend a leadership workshop for the students. She died on 14 August 2006 in the aerial bombardment of the Sri Lankan Kfir in Vallipunam. I went to Senchcholai complex in Vallipunam after I heard the news. I could only see her dress soaked in blood. There was no body. That the Kfir man dropped the bomb on her and we couldn't even have her body.

Account from a relative

Mother:

My daughter Arulampalam Jasothini is the youngest one. She is only an 18 year old when that incident occurred. I was very fond of her. following her advance level in Visuvamadu She was Mahavidyalayam. She went to attend a workshop with her friends. I didn't think that it would happen. We knew that Sri Lankan Kfri jets attacked the Puthukudiyiruppu area. But, I didn't expect that my daughter would be killed in that attack. At about 2.00pm two men came to our house and asked me whether this was Jasothini's house. I said yes. Then they continued to tell me that my daughter was also killed in the Kfir attack. After a few hours they brought my daughter's body as it was laid in a coffin. The coffin was kept closed. They said that a bomb exploded near her and therefore her body was in a bad state. The Sri Lankan government is the one that killed my beloved daughter. I want my daughter back.

Account from a relative: Twin sister:

My sister Niranchala and I are twins. We usually act in the same manner. I think, as far as I know, we never have been separated. We both went to Senchcholai complex to attend a leadership workshop. There we took some physical exercises in the mornings and attended some practical and theory classes about leadership. On the day, morning, on 14 August 2006, we bathed and were ready to take tea. Then we heard the Kfirs sound. Before we could alert all our friends, the Kfirs dropped bombs on our complex. It was like a terrible lightening and thundering. We lay down in the ground. At the time also, my sister and I lay next to each other. I got up and woke up sister after the Kfir left the area. She was bleeding profusely. I called out to her. There was no answer or any sound from her. There was no move in her body. I was nervous and I cried loudly. I heard many other voices crying out and asking to be picked up. At that time two youths came near me tried to clam me down. It was only then I felt the injury in my neck and in my leg. They brought me to hospital. It was only after I got well I started to feel the loss of my twin sister. This Sri Lankan government separated us two who have been together ever since our birth. I'm lonely without my sister. Now whenever I hear the Kfir noise I feel those moments of pain and misery at the Senchcholai complex.

Account form a relative: Sister (Nakalingam Puspalatha):

My sister Kokila was staying in Barathy children home in Vallipunam. She was studying in Udayarkaddu Mahavidyalayam. She went to attend a workshop in Vallipunam Senchcholai complex. On the morning, at about 10.00am I heard about the Kfir attack but I was not too concerned about that. That night, two staff from the Children Home nearby came to our home and said my sister was also killed in that Kfir attack. I was shocked. The next day morning they brought her body home. She was injured in her chest and head. I lost my favourite sister at such a young age.

Account from a relative:

Father:

My daughter Nirojini was following GCE Advance Level in Oddusuddan Mahavidyalayam. She went with interest to attend a leadership workshop. But her curiosity and her wishes were not fulfilled. The Sri Lankan Kfir fighter jets killed her when she was attending the working. I didn't know as soon the incident happened. On 14 August 2006, it was evening when I listened to the local radio news. Then only I came to know that the Kfirs attacked the location where my daughter was attending the workshop. Immediately I contacted the school administration. They said that my daughter was also killed by the Kfir attack. On the night, they brought my daughter's dead body. She was badly injured in her head and right hand. Now I'm suffering a lot without seeing my daughter.

Account from a relative: Sister (Vasanthakala)

My elder sister Sathiyakala was studying at Udayarkaddu Mahavidyalayam. She was following GCE Advance Level. The school administration announced about the workshop. My sister also wished to attend the workshop and went with other students. On 14 August 2006, we heard that the Kfir hit the location where the workshop was held. After a long time we were informed that my sister Sathiyakala was killed on the spot. That evening we saw her dead body. She was severely injured in her all parts of the body. We lost one bird from our nest.

Udayarkaddu

Account from a relative:

Mother:

Daughter Kaventhini was studying Udayarkaddu My in Mahavidyalayam. She was following her Advance level. She was very clever in her classes and sports. We never were an obstacle to her decisions. I sent her to attend the leadership workshop when she wished to participate. The Senchcholai complex where the workshop was held is a little far from our home. I went there and met her just one day before the Kfir attack. Soon after the Kfir attack, the injured girls were being carried in vehicles past by our home. I was searching for my daughter among the crowd of people. There was a lot of smoke and blood-stain. I returned home with empty hand. That evening they brought my daughter as a dead body. I would have never agreed for her to attend the workshop, if I had known that this would happen to her.

Account from a relative

Mother:

Inthira is my third daughter. When she was studying in Udayarkaddu Mahavidyalayam, she went to attend the workshop. On 14 August 2006, we heard that my daughter was killed by the Sri Lankan Kfir jets in Senchcholai complex. Soon after we knew this, we left to Kilinochchi hospital, and we found Inthira's dead body and brought it home. She was a pleasant girl but now we can never watch her pleasant smile.

Account from a relative

Sister (Malini):

Our mother also is dead. Our father is living alone. We do not have any contact with him. My sister and I were living with our grandmother. We were studying in Udayarkaddu Mahavidyalayam. Then she went to attend a leadership workshop. On 14 August 2006 early morning, when the Kfir attacked the location where they were attending the workshop, she was injured and she later succumbed to her injuries. Now I lost my only sister also. I'm living lonely with my grandmother.

Account from a relative

Mother:

My daughter Kokila was studying in Udayarkaddu Mahavidyalayam. She went to participate in a leadership workshop for the High school students. When she left to attend the workshop she said that she would return after 15 days. On 14 August 2006, morning, the Sri Lankan air force Kfirs attacked the Vallipunam area. The news spread that the location where the school girls were participating in the leadership workshop was attacked by the Kfir jets. I was nervous and immediately left to search for my daughter. I couldn't find her. That evening her dead body was brought home by the school administration. This is nothing new to the Sinhala Government. This time my daughter was a victim.

Account from a relative

Father:

On 14 August 2006 my two twin daughters were killed by the Kfir attack when they were in Senchcholai complex, attending a leadership workshop. They were studying in Udayarkaddu Mahavidyalayam. In that incident both my daughters were laid down together as dead bodies. I'm suffering a lot after their loss. This cruel Sri Lankan Government killed my two daughters in a one day.

- **Full name:** Navarathinam Santhakumary
- Address: Mayikunchu Settlement, Kaively
- Occupation: Student
- **D** School: Mullai. Udayarkaddu
- Mahavidyalayam DOB: 28.05.1988
- 18
- Age (then):
- Marital status: Single

Family details:

No	Name	Relationship	Occupation	DOB
01	Sebamali Navarathinam	Father	Died	25.01.1960
02	Navarathinam Yohampal	Mother	Home maker	27.10.1964
03	Navarathinam Santhakumar	Brother	Labour	03.10.1984
04	Navarathinam Santharoobi	Sister	Married	27.07.1986
05	Navarathinam Santhakumari	Victim	Student	28.05.1988

Account from a relative: Sister (Santharoobi)

My elder sister Santhakumari was studying at Udayarkaddu Mahavidyalayam. She was following GCE Advance Level. The school administration announced about the workshop. My sister also wanted to attend the workshop and went with other students. On 14 August 2006, we heard that the Kfir jets owned by the Sri Lankan government attacked the location where the workshop was held. Soon after we heard this my brother left to search for her. He returned home without our sister. After a long time we were informed that my sister Santhakumari was killed on the spot. In the evening they brought her dead body to our home. She head was smashes in the back and her left hand was also missing. My brother was struggling a lot to educate her. We lost our favoured sister.

Account from relative:

Mother:

I had four daughters. Arudchelvy is my youngest daughter. At the time she was 18. We all loved her very much. She was following GCE Advanced Level in Udayarkaddu Mahavidyalayam. She went to participate in the workshop with other girls. Who would have known that Kfirs would attack that location? The Monday about 7.00 am the Sri Lankan Kfirs attacked Vallipunam. After a few hours, we came to know that the location where my daughter was has come under attack. I, a state of shock I left to search her. The injured girls were being transported to the hospitals. I also went to the hospital. There was a list, in which they placed the names of the injured girls. I searched my daughter's name. Her name was not in it. Then I went to the site where the dead bodies were kept and there it was; my daughter's dead body. I could only cry out loud. Then we brought her body to home and held her funeral.

Account from a relative

Mother:

My daughter Komala was studying in Visuvamadu Mahavidyalayam. She went to participate in a leadership workshop for the High school students on 10 August 2006. On the fourth day, morning, the Sri Lankan air force Kfirs attacked the Vallipunam area. The news spread that the location where the school girls were participating in the leadership workshop was attacked by the Kfir jets and many girls were killed in the attack. I was nervous and ran towards the school to know about my daughter. None of them were at the school. My niece came and told me that my daughter was also killed by the attack. That evening her dead body was brought home by the school administration. She was severely injured in her head. Why is the international community sitting back and watching this killed? If my daughter was alive we would have been happy. Now we lost everything.

Account from a relative Father:

My daughter Nanthini is my youngest daughter. She was studying in Visuvamadu Mahavidyalayam. She was very capable in sports and studies. On a Thursday, She went to attend a leadership workshop with her friends. On 14 August 2006, Monday morning, she was killed by the Sri Lankan air force Kfir attack. First we heard the news of our daughter's death from our neighbours. I didn't believe it. After a few hours they brought her dead body. Her left leg was severely crushed. How much we would have struggled to educate her. The Sri Lankan government destroyed it all.

Account from a relative:

Mother:

My daughter was injured the Vallipunam Kfir attack on 14 August 2006. Then she was admitted in Kilinochchi hospital. She was changed to Vavuniya hospital for further treatment. Unexpectedly on 28 September 2006, she died in Vavuniya hospital. Even if she was alive as disabled, we would have looked after her. But, now we lost her entirely. We faced a lot of problems to bring her body from Vavuniya to here. Then the court ordered to bring her dead body here on her father's bail. After her body was brought home to hold the funeral rites the court ordered that her body must be sent back to Vavuniya for burial.

Account from a relative:

Mother:

My daughter Ramja is my eldest daughter. She was following GCE Advanced Level courses at Mullaithivu Mahavidhyalayam. She went to attend a leadership workshop with her friends. On Monday Kfir bombers attacked the Vallipunam, Senchcholai complex where hundreds of students were gathered together. We heard that she was admitted to the Kilinochchi hospital and my husband and I left on a motorbike to Kilinochchi. When we reached the hospital we heard that she had died. I shocked, my legs refused to walk. Then I saw my daughter's dead body. She had injuries in her entire body. The government killed her at such a young age.

Account from a relative:

Mother:

Nanthini is my eldest daughter. I was extremely fond of her. She used to help her younger sisters with their studies. She took care of them. She had a good name among the school teachers. She was studying in Visuvamadu Mahavidyalayam. She went to attend a leadership workshop with her friends. On 14 August 2006, Monday morning, at about 7.30am the Sri Lankan air forces' Kfirs attacked the Puthukudiyiruppu. At that time, I didn't worry about my daughter. But my husband left to find out the situation. It was 12.00 noon; he returned home and said our daughter was also killed by the attack. I cried loudly. All our neighbours gathered in our home. After a few hours they brought her dead body. She was injured in her chest. We lost our eldest daughter.

Account from a relative : Brother(Jeyarooban):

My Akka (sister) was following her GCE Advance level at Visuvamadu Mahavidyalayam. She went to attend a leadership training workshop with her friends. On 14 August 2006, the Sri Lankan Kfir jets attacked the Vallipunam Senchcholai complex. It was about 9.00am, I came to know that the location, where my sister was attending the workshop was the target of the Kfir attack. Immediately my father who was working in our garden went to find out about my sister. It was 11.00am when he returned home and said she was killed with many other girls. That evening at about 4.00pm they brought her dead body home. She was badly injured in her neck and her leg. I can't see my Akka anymore.

Account from a relative

Mother:

Brintha is my eldest daughter. She was studying in Murukanantha Mahavidyalayam. She was studying Biology in her GCE Advance Level. She went to Senchcholai complex to attend a leadership workshop. On 14 August 2006, the Kfir fighter jets attacked the location. Brintha was injured in her waist. They took her to hospital in a motorbike. But she died on the way to the hospital because of too much bleeding. How much we planned for her future, but the government has destroyed all our hopes.

Account from a relative: Sister (Sutharsini):

My younger sister Sarmini was studying in Murukanantha Mahavidyalayam. She went to attend a leadership workshop with her friends. On that day, the Kfir bombers owned by the Sri Lankan Kfir fighter jets attacked the Vallipunam, Senchcholai complex. We never imagined that it would happen to my sister. My sister was admitted in the Kilinochchi hospital. We immediately went to the hospital. When we were there we heard that she had died. We felt a sense of gloom gripping us. Then we identified her dead body. She was injured all over her body.

Account from a relative:

Mother:

My daughter was only 17 years old when the incident happened. She was studying in Puthukudiyiruppu Mahavidyalayam. She was following her Advance level. She was very clever in her classes and in sports. On a Thursday she left home to attend a leadership workshop in Senchcholai complex. On 14 August 2006, the school administration informed us that Lakshiya was killed by Kfir attack in the morning. We couldn't believe that. Then we went to the Kilinochchi hospital and identified her dead body and brought her body home. I am still grieving for her loss.

Account from a relative:

Mother:

My daughter Vesidijula was studying in Puthukudiyiruppu Mahavidyalayam. She was following GCE Advance Level. She went with other students to attend a leadership workshop in Vallipunam. We hoped that she would return safely. I knew that the Sri Lankan Kfir fighter jets bombarded Puthukudiyiruppu. Within a few minutes vehicles were carrying injured girls. I think..., it was about 9.00am, I came to know that the Kfirs dropped the bombs into the complex where the school girls were attending the workshop. When we went their, they said she was injured and admitted in Kilinochchi hospital. Immediately we went to the hospital. But, she was not in this world at that time, she had passed away. Doctors told us that she had died few minutes earlier. Then we brought her body to our home. I never hoped that my daughter will leave me this soon.

Account from a relative:

Mother:

My daughter Thutharsini was the most studious of all my children. She was a very decent girl. Our family is poor but I educated her till Advance Level. At that time, she was studying in Puthukudiyiruppu Mahavidyalayam. She asked permission to attend a leadership workshop. First I refused but later I permitted her to attend because all of her friends and other school students were also to attending the workshop. On 14 August 2006, at 7.30 am the Kfir fighter jets were attacking Puthukudiyiruppu. We thought our daughter would be safe with the other girls. But later they said the location where my daughter was attending the workshop was targeted. Then we went to hospital to find out about my daughter. We could only see her dead body at the hospital. We had big hopes to see her achieve a lot in the future even though we are a poor family.

Account from a relative:

Causin (Polinamayoori):

Kelan Suthajini is my husband Jeyasuman's sister. She was studying GCE Advance Level at Mullaithivu Mahavidyalayam. She went to Vallipunam complex to attend a leadership workshop. Then on 14 August 2006, at 7.30 am the Kfir fighter jets attacked Puthukudiyiruppu. After the attack my husband went to find out about the situation. He knew that the Senchcholai complex was under attack by the Kfir fighter jets. He went there and found that she was admitted to the Kilinochchi hospital. Then he left to the hospital. But, she had died. She was injured in her face and her left leg was severed from the body. The government deliberately killed her in her teenage although she could have achieved a lot.

Account from a relative:

Father:

Kalaipriya is my eldest daughter. She is very intelligent. She was studying GCE Advanced Level in Mullaithivu Semmalai Mahavidyalayam. I did my best to educate her. She went to Senchcholai complex to attend a Leadership workshop. There were hundreds of girls gathered for the workshop. On 14 August 2006 the Sri Lankan Kfirs attacked the location. After half an hour of the attack, we knew that the location where my daughter was attending the workshop with other hundred of students was the target. At last we heard that she was killed by the attack. There were big injuries to her waist area. She should have been in a good position in her future and she should have lived longer with us but they killed her at such a young age.

Account from a relative:

Mother:

My daughter Thivya was studying in Mullaithivu Mahavidyalayam. School administration called her to attend a leadership workshop. On the fourth day of the workshop, my daughter died in a Kfir attack. Soon after I heard about the incident I left to search for my daughter. She was not there. I thought, suppose she was injured in that attack, she would have been taken to the hospital. So I went to Puthukudiyiruppu hospital to search for her. There my daughter was laid down as a dead body. She was badly injured in her stomach. The Sri Lankan government killed my eldest daughter. Now we feel that we have lost our life.

Account from a relative:

Mother:

My daughter Vadsalameri is my third daughter. She was only 20 years old when she died. She couldn't finish even her studies. When she was studying in Mullaithivu Mahavidyalayam, on 10 August 2006 she went to attend a leadership workshop in Senchcholai complex. After four days, we heard that the Kfir attacked the Senchcholai complex. Immediately I left to see my daughter. My elder son stopped me on the road and said my daughter returned home safely and he picked me up to our home. After we arrived at our home he said that Vadsala was also killed by the Kfir attack. The evening, at about 6.00pm they brought her dead body to home. She was brutally injured in her stomach. The government killed daughter intentionally.

06	Thanabalasingam Pakeeraji	Victim	Student	02.02.1987

Account from a relative: Mother:

Pakeeraji is my youngest daughter. She was following GCE Advanced Level in Mullaithivu Mahavidyalayam. One day she went to attend a leadership workshop. Although I was not keen to send her to the workshop I agreed because I did not want to be an obstacle to her getting some training. On 14 August 2006, morning, she was killed on the spot when the Kfir attacked the location. Her uncle brought her dead body from Puthukkudiyiruppu hospital. She was injured in her head and neck. My child would have achieved great things but this Sri Lankan government killed her in vain.

Account from a relative:

Mother:

She is my only daughter. She was the apple of my eye. I faced many difficulties to educate her without my husband. She was studying in Kumulamunai Mahavidyalayam. On a Thursday she left home to attend a workshop. On the fourth day, on 14 August 2006, Monday morning, it was about 7.00pm the Sri Lankan air forces' Kfir attacked the Vallipunam area. After 10.00am, we knew that the Kfir attacked the Senchcholai complex and many girls were killed. Immediately I left to my mother's home in Puthukudiyiruppu and went to all hospitals with my sister's husband. At last we went to Kilinochchi hospital. We could see only her dead body. She was injured in her head. This Mahinda government deliberately killed our school girls.

Account from a relative:

Father:

My daughter Thanusa was only 19 years old when she was killed. She should have lived a lot longer. She was very clever in her studies and sports. She was very polite girl. She was studying in Mullaithivu Mahavidyalayam. There she was following GCE Advance Level. She went to attend a workshop. On 14 August 2006, the Kfir fighter jets attacked the workshop complex. There was no place in her body without injury. Soon after I knew that the Kfir attacked the location, I went to Vallipunam. She was not there. Then I searched her in every hospital. I couldn't find her. It was 6.00pm, I thought she might return home safely and walked towards our home. It was dark. I entered my home. My relatives and neighbous were gathered in our home. I entered inside. My daughter was lying there as a dead body in a coffin. What can I say about this government? It is determined to wipe out the Tamils. Is it going to make an exception to the school girls?

Account from a relative:

Wife:

My husband Solaman Singarasa is very kind with all. We enjoyed our life since we got married. We have eight children. He was the bread winner for our family. He worked for daily wages. He was working in Senchcholai complex as a cook. On 14 August 2006, Kfir attacked the Vallipunam complex. I knew at about 8.00am that the Senchcholai complex was targeted by the Kfirs. Our neighbours said that the injured girls were being taking to the Puthukudiyiruppu hospital. I went to the hospital. I searched him in the wards. He was not there. I went to the site where the dead bodies were kept for identification. My husband's body was there. At the time I felt that I lost every think when I saw my husband's dead body. He was injured around his waist and right leg. I lost him. Now I'm suffering a lot with my eight children.

Account from a relative:

Father:

My daughter Vijeya is a mother of two children. Her husband left her when she was pregnant to her 2nd son. After he left, Vijeya and her two sons were living with me. After she delivered her second son, she started to work as a cook. She was working as a cook in the Senchcholai complex. On 14 August 2006 she was killed when the Kfirs attacked the complex. She was injured in her neck. She died on the spot. Now her two children are living with me. They don't know that their mother was killed. They ask me, "Thaththa (Grand father) where is our mother?". What can I say to them, how can I explain her death. How long I can say to them that she went to work and would return home. When is this government going to give a peaceful life to the Tamils?
