ANNUAL SURVEY OF
INDUSTRIES
1994

ISBN 955 - 577 - 202 - 9

Preparatory Report

Published in 1997

PREFACE

The Department of Census and Statistics continues to conduct the Annual Survey of Industries (ASI), which commenced in 1984, replacing the Annual Survey of Manufacturing Industries and covers all activities categorized under the three industrial divisions, namely Mining and Quarrying, Manufacturing and Distribution of Electricity, Gas & Water.

This is the preliminary report which gives the selected Industrial Indicators pertaining only to the reported establishments in 1994, for which the reference year was 1993. The final report which will provide estimates in respect of all the establishments which have been included in the register of industrial establishments will be published soon.

Information in this report is not adjusted for non-responding establishments, and only the data of sampled establishments have been considered in compiling these indicators. As such, data users are requested to have this in mind while interpreting the indicators of this report.

Any suggestion to improve this survey and the report is most welcome.

A.G.W. Nanayakkara
Director General

Department of Census & Statistics,
P. O .Box 563,
Colombo 07.
21st January, 1997.

ACKNOWLEDGEMENT

The planning, collection and processing of data and preparing this report was done by the staff of the Industry and Construction Division of the Department of Census and Statistics under the guidance and direction of Mr. D.J.C.S. Jayalath, Deputy Director and the overall supervision was done by Mrs. D.B.P.S. Vidyaratne Additional Director.

The planning of data collection, manual data processing and designing the report were done under the direction of Mrs. H.D.E. Somaratne, Statistician. The Planning and organizing of the field follow-up which was conducted in 17 districts was done by district staff under the supervision by Mr. A.D.H. Gunathilaka, Statistician. Computer Data Processing (Data Management and Tabulation) was carried out by Statistical Officer Mr. W.F.M.J. Fernando under the direction of Mrs. N. Weeraratne, Statistician. Overall supervision of the work of statistical officers in the Industry Division was done by Mrs. A.B.S. Fernando, Statistician.

All the work in all stages such as sample selection, posting, preparation of data for computerizing, coding, editing and data entry of the survey were done by Statistical Investigators in the Industry Division under the direct supervision of Mrs. Leela Liyanage, Mr. D.N. Jayakodige, Mr. U.S. Wanapushpa, Mr. N. Nimalasena, Mr. D.S.S. Gunawardana and Mr. M.D.M. Fernando, Statistical Officers.

Data collection at the follow up stage, was done by Statistical Investigators attached to the Divisional Secretaries Office under the direct supervision of Statistician/Statistical Officer attached to each district. The report and the other necessary documents for the survey were printed by the staff of the Printing Division of the Department under the guidance of Mr. K. Siripala, Deputy Director.

Acknowledgements are also due to all responded establishments of the present survey for their co-operation at the data collection stage.

ANNUAL SURVEY OF INDUSTRIES - 1994

1. INTRODUCTION

The Department of Census and Statistics conducted the eleventh of the series of Annual Survey of Industries (ASI) in 1994, which is the replacement of the Annual Survey of Manufacturing Industries (1979 - 1982) in order to serve as the central multi- purpose inquiry in a national system of industrial survey activities.

2. OBJECTIVES

The objectives of the ASI are to

- i. Provide indicators of the performance and structure of the industrial sector.
- ii. Update the list of industrial establishments already available.

3. SCOPE AND COVERAGE

The scope of the ASI is all activities categorized under the three industry divisions, namely, Mining and Quarrying, Manufacturing and Electricity, Gas and Water of the International Standard Industrial Classification of the United Nations. State Owned Industrial Establishments, industries coming within the purview of Board of Investment (BOI) and private sector establishments with 5 or more persons engaged, have been covered in this survey.

4. METHODOLOGY

The questionnaire used for previous survey in order to collect information such as value of shipments, Stocks of Finished Goods, Cost of Materials, Consumption of Fuel, Electricity, Gas and Water, Fixed Assets and Employment and Earnings has been used for this survey.

The updated register of establishments which was based on the list prepared as a by-product of the Census of Industry - 1983 has been used as the frame of the survey.

All Public Sector and Board of Investment (BOI) establishments are covered and in the private sector, all establishments with 25 or more persons and a probability sample of 1700 establishments with 5-24 persons engaged have been canvassed in this survey.

A systematic sample has been selected from each strata (stratified according to employment and Industrial Activity) within each District. The postal enumeration method followed by field visits has been used to collect information for the calendar year 1993.

Unit of enumeration, is the establishment which is defined as an unit engaged in the single or related activities of Mining and Quarrying, Manufacturing and Distribution of Electricity, Gas and Water, in one location under a single ownership or control. In case where the industrial enterprise is engaged in production of more than one related activity in one location or one activity in several locations, it is treated as one unit whenever no separate records are available.

Information given in this publication is related to establishments which responded at the above survey. The estimates for some indicators such as estimates for averages for output, inputs, value added, salary etc. and labour productivity will be published in this preliminary report. The final report with estimated values will be released later with imputation for non responding establishments and inflated values for the sample.

5. CONCEPTS AND DEFINITIONS

5.1. OUTPUT

Information on output has been collected on shipment basis. The variables canvassed were the value of products moved out from the establishment, value of stocks of finished goods and receipts from industrial services.

a. Value of products moved out

- i. Value of products made by the establishment using its own raw materials.**
- ii. Products made by another establishment using material inputs owned by the establishment,**

have been considered.

These products were valued at the price at which the producer disposes of his goods to the customer (i.e producer's price). All duties and taxes which fell on the products when they leave the establishment are included and subsidies recovered are excluded. Price rebates, discounts and allowances on returned goods allowed to the customer have been deducted and any transport charges which may be invoiced to the purchaser or user have been excluded. Products released to other establishments of the same enterprise have been treated as though sold and valued at producer's prices.

b. Stocks of finished goods

The values of stocks of finished goods at the beginning and the end of the reference period have been collected.

This consists of all finished goods made by the establishment using their own raw materials and manufactured by another establishment using raw materials owned by this establishment and ready for release. Finished goods held by the establishment which were made from materials owned by others have been excluded. Valuation is in producer's prices.

c. Receipts from industrial services

The total value of receipts from

- i. Contract and Commission work done for others on materials owned by them,
- ii. Repairs and installation work done for others,
- iii. Sales of scraps and refuses,
- iv. Own account investment work are considered here.

The value of output was obtained from the value of shipments and other receipts of Industrial Services adjusted for changes in the values of stocks of finished goods during the reference period.

$$\begin{aligned} \text{Value of Output} &= [\text{Value of products moved out}] \\ &+ [\text{Closing stocks of finished goods}] \\ &- [\text{Opening stocks of finished goods}] \\ &+ [\text{Receipts from Industrial Services}] \end{aligned}$$

5.2 INPUT COSTS

Information on inputs has been collected covering the costs of

- a. Raw materials and packing materials (Imported and Indigenous) consumed,
- b. Industrial services done by others for the establishment
- c. Fuel, Electricity & Water consumed.

a. Cost of raw materials, packing materials

- i. Cost of raw materials, packing materials purchased

All material inputs (Raw materials, parts, components containers and supplies) purchased by the establishment for the production process either in this establishment or in another establishment have been included. All materials have been valued at purchaser's prices.

- i.e. The delivered value at the establishment including the purchaser's price, transport charges, cost of insurance, all taxes and duties on the goods. Discounts or rebates allowed to the purchaser and the value of packing materials returned to the supplier have been deducted.

The value of materials owned by others and received by the establishment for production process have been excluded and material inputs received by the establishment from other establishments of the same enterprise (not purchased) for processing have been valued as if purchased.

- ii. Values of stocks of raw material's and packing materials etc.

The opening and closing stocks of all input materials (imported and indigenous) including packing materials which are purchased (or treated as purchased) have been included.

The stocks of raw material used for own account work for producing own fixed assets have been excluded.

b. Cost of industrial services

The total cost of

- i. Contract and commission work done by others on materials supplied by the establishments and
ii. Repairs and maintenance services provided by others are included.

Raw materials consumed has been computed by adjusting stocks of raw materials to the total value of raw materials (imported and indigenous) and packing materials purchased.

Raw materials and packing materials consumed;

$$\begin{aligned} &= [\text{Raw materials and packing materials purchased} \\ &\quad (\text{Imported} + \text{Indigenous}) \\ &+ [\text{Opening stocks of materials}] \\ &- [\text{Closing stocks of materials}] \end{aligned}$$

c. Fuel, electricity and water consumed

The total of the values of Fuel (LPG, Coal and Charcoal, Petrol, Diesel Oil, Furnace Oil, Kerosene Oil, Firewood and others) Electricity and Water consumed has been included.

The total value of raw materials consumed, cost of industrial services and Fuel, Electricity and Water consumed have been defined as the value of Inputs.

5.3 FIXED CAPITAL ASSETS

The book value at the beginning of the year, value of gross additions during the year and depreciation of all assets with productive life of one year or more owned by the establishment (i.e Land, Buildings, other constructions and Land Improvements, Machinery and other equipment, Transport equipment) have been collected. Leased or rented assets have not been included.

a. **Book value at the beginning of the year**

This refers to the original cost price of the item less its depreciation, less assets retired and sold upto the beginning of the year.

b. **Gross additions to fixed assets during the year**

This is defined as the total of the costs of new and second hand fixed assets acquired during the year and alterations, renovations and improvements purchased, cost of own account work less the value of sales of fixed assets.

5.4. EMPLOYMENT AND EARNINGS

Number of persons engaged

This is defined as the total number of persons who work in or for the establishment, including working proprietors active partners, unpaid family workers, operatives and all other employees.

Working proprietors and active partners

All individual proprietors and partners who are actively engaged in the work of the establishment have been included here.

Unpaid family workers

All persons living in the household of the owners and working in the establishment, without a regular pay, for at least one third of the normal working time of the establishment and non household members who do work without pay are included.

Operatives

All paid employees who are directly engaged in the production or related activities of the establishment including any clerical or working supervisory personal whose function was to record or expedite any step in the production process have been considered as operatives.

Other Employees

All paid employees excluding those covered as operatives are reported here, e.g. Managers, Directors, Laboratory and research workers, clerks, typists etc.

Wages and Salaries

All payments whether in cash or in kind made by the employers during the year 1993 in connection with the work done to all 'employees' have been included here.

5.5 VALUE ADDED

Value added has been defined as the difference of the output and inputs i.e Output-Inputs.

**DEPARTMENT OF CENSUS AND STATISTICS
ANNUAL SURVEY OF INDUSTRIES - 1994**

I declare that the particulars furnished by me are true and correct.

Name:
Signature:
Date:
Designation:
Telephone No:

CONFIDENTIAL
This information is sought under the Statistics Ordinance as amended in 1956. Individual information will be treated as STRICTLY CONFIDENTIAL.

The information required is for the calendar year of 1993. If book figures are not available, carefully prepared estimates could be accepted.

Reference No.

--	--	--	--	--	--

Please despatch the completed Questionnaire to the

Deputy Director,
Industry and Construction Division,
Department of Census & Statistics,
No. 444/1,
Havlock Road,
Colombo 06.

- Name of Establishment/ Proprietor:
- Address or location of Establishment:
- Telephone Number:
- Indicate whether a Head Office or Branch of a Multiple establishment:
- If branch office give address and telephone number of Head Office:

- District: 
- Electorate: 
- D.S. Division:
- MC/UC: 
- Ward/ G.N. Division Name: 

- Sector: No: 
- Description of Industry:
- Year of commencement of operation of the establishment:

- Type of legal organization (Circle the Appropriate Number)
 1. Individual ownership
 2. Partnership
 3. Private Limited Liability Co.
 4. Public Limited Liability Co.
 5. Co-operative Society
 6. Other (specify)

	10. Total														

16. Receipt from industrial Services Rendered to Others Rs.

17. Cost of Industrial Services done by others for your Establishment Rs.

18. Fuel, Electricity & Water Consumed

Category	Value Rs.
I	II
1. Firewood	
2. Coal & Charcoal	
3. Petrol	
4. Diesel	
5. Furnace Oil	
6. Kerosene Oil	
7. Gas (L.P.G.)	
8. Electricity	
9. Water	
10. Other Fuel	
Total	

19. Fixed Capital Assets

Category	Fixed Capital Assets 1993		
	Book Value at the beginning of the year Rs. II	Gross Additions during the year Rs. III	Depreciation during the year Rs. IV
1. Land			
2. Buildings and other constructions			
3. Machinery and other equipment			
4. Transport equipment			
Total			

(*) Less depreciation and assets retired or sold out
 (**) Less assets sold out during the year.

20. Employment and Earnings

Persons engaged	Employment and Earnings 1993			
	Male No. II		Female No. III	
	(a) Skilled	(b) Unskilled	(a) Administrative/ Managerial	(b) Technical/ Supervisory
1. Operatives				
2. Other Employees				
3. Working Proprietors & Active Partners				
4. Unpaid Family Workers				
Total				

(20.2) Non Nationals

Person engaged No. I	Of which employees No. II	Salaries and Wages Rs. III
Total		

Acknowledgements are also due to the following Officers of the Industry and Construction Division (including officers working elsewhere at present) of the Department, who worked as a team, in all technical and other work related to the survey operations; to make this survey a success.
